

Student Name (print): _____

This assignment contains 2 pages and is due at **11:59 pm on Sunday.**

Question:	1	2	3	4	5	Total
Points:	2	2	2	5	5	16
Score:						

You can learn how to insert images into Overleaf at: https://www.overleaf.com/learn/latex/Inserting_Images. Two example codes are commented using % in question 1.

1. (2 points) **Introduce yourself and meet your classmates:** Please upload/insert a screenshot here.
2. (2 points) **Join the course Discord channel.** Please upload/insert a screenshot here.

3. (2 points) List a tentative topic or method that you're interested in exploring during this course. You have the flexibility to change it up until week 5.

4. (5 points) Add your name and research/methods topics in the Google document and share a screenshot here.

<https://docs.google.com/document/d/1PAWyJc56pf78WBtep3CvAGaMZZjem8gUJfEB1aeCQ7A/edit?usp=sharing>

5. (5 points) Please review and study the following two methods for presenting your progress and research report:

1. Write your report on Overleaf. You can copy or download the template from: <https://www.overleaf.com/read/tgrddxgwrhst#ff33cc>.
2. Write your report on GitHub. The template is available here: https://github.com/capstone4ds/capstone4ds_template. You can find instructions for setting up the website on the same page.

Please indicate which method you will use for this course.
